		FERIAL SAFET	•			
CALCIUM CHLO					GE 1 OF 4	
				111		
1. PRODUCT AND C	OMPANY ID	ENTIFICATION	N			
Substance:	Calcium Chl					
	Calcium Chl	oride 75-95%, ex	press, CC road,	CC tech, CC Foo	d, Calcium	
Synonyms:	Chloride, Dihydrate:Calcium(II) Chloride; Calcium Chloride;Calcium Dichloride					
Application:	Dust control	Dust control,oil exploration, dehumidifying, and other areas of application				
Chemcial Family/Formu	ılaCaCl2					
Company's Name:	Salco	Enterpris	ses, inc	,		
Company Address:	Miami, Fl 33	3141				
Company's Tel:	786 306 785	8				
MSDS Creation Date:	11/24/94	1				
Last Revision Date:	12/10/08	3				
2. COMPOSITION, I	NFORMATIC	on on Ingred	IENTS			
Component Name	Wt%	CAS Number	EC Number	Index Number	Classification	
Calcium Chloride	74-100%	10043-52-4	233-140-8	017-013-00-2	Xi*	
Probable Contaminants:	Calcium Carbo	onate, Calcium H	ydroxide, Calci	um Oxide, Alkali	Metal Chloride,	
Alkaline Earth Metal Ch

$MATERIAL\ SAFETY\ DATA\ SHEET$

CALCIUM CHLORIDE SOLID

	MEASURES This product does not burn. Use extinguishing media appropriate for surrouding
Extinguishing Media:	fire.
	Move container(s) from fire area if you can do so without risk.Do not use water
	directly material. Avoid breathing corrosive vapors; keep unwind. Dike area to
Fire Fighting:	prevent runoff and contamination of water sources.
÷	reNegligible fire hazard when exposed to heat or flame.
Protective Equipment fo	
Fire Fighters:	Fire fighting tunic and face mask.
6. ACCIDENTAL RE	LEASE MEASURES
	Wear appropriate protective gear for the situation. See personal protection
Personal Precautions:	information in Section 8.
Containment of Spill:	Prevent release to ground, air ot to water or drain by use of a retaining dikeor
	by coverning the spillage with inorganic(inert) material, e.g., sand, gravel or
	equivalent. If possible, stop leakage. If the product contaminates sea, lakes or
	drains, inform appropriate authorities in accordance with local regulations.
Cleanup and Diaposal:	Major spillage should be carefully collected mechanically and put in clean, dry
	container foe later disposal.Minor spill and small residuals can be flushed down
	the drain with plenty of water.
Other Information:	Spillage of product creates slippery surfaces.
7.HANDLING AND S	TORAGE
Handling:	Avoid skin and eye contact and breathing dusts. Wash thoroughly after handling.
	Launder contaminated clothing before re-use.
Storage:	Store in properly sealed, origrinal packaging away from moisture and incompatible
	materials.
Other Information:	This product is hygroscopic and emits heat when dissoved in water.
8. EXPOSURE CONT	ROLS/PERSONAL PROTECTION
Engineering controls:	Provide local exhaust entilation system. Where there is possibility of exposure, eye
	wash fountain and safety shower should be provided within the immediate work
	area for emergency use.
Eyes:	Wear safety glasses with splash shields or safety goggles/shield.
Body:	Wear appropriate protective clothing.Leather work boots and/or leather products
	will dehydrate with resultant shrinkage and possible destruction.
Respiratory:	A respirator is normally required under normal operating containers.
	Use a breathing apparatus(half mask) with P2 filter when woeking in insufficient
	ventilation.
Hands and Feet:	Use PVC or neoprene protective gloves.Penetration time 4-8hours.Do not use
	leather or cotton gloves, or leather boots.

Salco Enterprises, inc

MATERIAL SAFETY DATA SHEET

CALCIUM CHLORIDE SOLID

PAGE 3 OF 4

	IEMICAL PROPERTIES		
Description	White flakes, granules, powder, prills, pellets		
Odor:	Odorless		
Boiling Point:	>1600°C		
Melting Point:	(772°C)		
Molecular Weight:	111.00		
Bulk Density:	0.75-1.0g/cm3		
Water Solubility:	$745g/l(20^{\circ}C)$ with evolution of heat		
Solvent Solubility:	Soluble in alcohol, acetic acid and acetone		
Vapor Pressure:	Insignificant		
Ph solution:	8-12 in 10% water solution		
10. STABILITY AND H	Reactivity		
Stability and Reactivity	This product is stable with normal handling.Reacts exothermically with water.		
Polymerization:	Does not occur under noemal temperature and pressures. See below.		
Conditions to Avoid:	Calcium chloride reacts violently with a mixture of boron oxide(B2O3) and calcium		
	oxide(CaO). A violent polymerization occurs if calcium chloride is mixed with		
	methyl vinyl ether.Calcium chloride reacts violently with bromide trifluoride(BrF3)		
11. TOXICOLOGICAI	LINFORMATION		
Toxicity Date(anhydrous	s calcium chloride):		
Acute Oral Toxicity:	LD50 = 1000 mg/kg, rat		
Acute Dermal Toxicity:	LD50 = 2630 mg/kg, rat		
Other Toxicological Infor	rmation/Local Effects:		
Acute oral toxicity	is determinated in accordance with OECD Guideline 401.		
Skin irritation rabbi	t:not irritating according to OECD Guideline 404.		
Eye irritation rabbit	:: irritating according to OECD Guideline 405.		
The information on	oral acute toxicity and irritation refers to dry product.		
Mutagenic Data and Tum	origenic Data: This product is not considered mutagentic. Ames's test on		
Carcinogen Status:	None		
Local Effects:	Eye, mucous membrane and skin irritant.		
Health Effects:	Moderately toxic by ingestion, slightly toxic by dermal absorption.		
12. ECOLOGICAL IN	FORMATION		
Mobility:	Soluble in water and mobile.		
Degradability:	Product will not biodegrade(inorganic product)		
Bioaccumulation:	The product does not bioaccumulate in the aquatic environment.		
Ecotoxicity:			
LC50/96h	Fathead minnow:4630mg/l.		
LC50/48h	Daphnia:2770mg/l.		

Salco Enterprises, inc

MATERIAL SAFETY DATA SHEET

CALCIUM CHLORIDE SOLID

PAGE 4 OF 4

LC50/120h	Nitzaschia linearia:3130mg/l.
This product is not acute	ly toxic to water orgnaisms, Information about ecotoxicity refers to dry product.
Other Information:	This product is increses the hardness of water.

13.DISPOSAL INFORMATION

Directions for Disposal of Material/Container:

This product does not constitute a hazardous waste. Contact the appropriate local authorities for information if spill or waste can not be recycled.Prpperly emptied packaging can be recycled.See also Section 6-Accidental Release Measures.

Releveant EWC-code depends on the use of the product.

Yes

14. TRANSPORTATION INFORMATION

Shipping Name:	Calcium Chloride Solid
ID Number:	Not classified as dangerous goods nor hazardous material.
15.REGULATORY	INFORMATION
EC Label	Yes
R-Phrases	
R36	Irritating to eyes
S-Phrases	
S22	Do not breathe dust.
<u>\$24</u>	Avoid contact with skin

16.OTHER INFORMATION

EINECS Status:

Indiciduals handling this product should be informed of the recommended safety precautions and should have access to this information.

This information relates ro the specific product designed and may not be vlid for such product used in combination with any other materials or in any other processes.Such information is to the best of our knowledge and belief, accurate and reliable as of the date compiled.However, no representation, warranty or guarantee is made as to its accuracy,reliability,or completeness.It is the users' responsibility to satisfy themselves as to the suitability and completeness of such information for their own particular use.We do not accept liability for any oss or damage that may occur from the use of this information nor do we offer warranty against patent infringement.

Salco enterprises, inc. reserves the right to refuse shipment of this product to any consumer who fails to demonstrate the ability to consistently handle and use it safely and in compliance with all applicable laws, rules regulations. Such demonstration may require on-site inspection of any or all storage, processing. Packaging and other handling systems that come in contact with it.

Customers are responsible for compliance with local, state and federal regulations that may pwetinent in the storage, application and disposal of this product.
